

Chain of Custody Product / Label Details

Issue 15 - 12 July 2010

As of March 2010, The FSC introduced a new labelling standard which replaces the old logos and numbering. All organisations must comply with the new standard by 01 January 2011, but existing stock does not have to be changed. Further details can be obtained from the www.fsc.org by looking at the standard - FSC-STD-50-001(V1.0).

We have been certified since May 2006, and our certificate numbers are TT-COC-002176 (FSC) & BMT-PEFC-0251 (PEFC).

Below are descriptions of our current certified products, and specific certificate details. See www.ebbpaper.co.uk for copies of our certificates and detailed product information.
